

GIN HIGHLIGHTS

SPIRITS COLLECTION

JUNDO & ALFIE

Jundo and Alfie are products of the Premium & Super Premium line from the new Sublime Catalogue. A fifteen-step journey into the Sublime, the excellence of the packaging produced for top-end spirits, liqueurs and flavoured wines, in terms of its design, functionality and versatility.

JUNDO

Classical and traditional forms revisited thanks to fresh and youthful features. The heavy base narrows the silhouette towards the bottom, revolutionising the linearity of the design and elevating the product to a new level of originality.

ALFIE

The result of a passion for research, Alfie's strong distinctive traits give the spirits personality: the essential quality of the lines and minimal characteristics are embellished with two rings in a play of modern shapes.
