GLASS
transparent material

SUGHERA® STEM
patented blend

The transparency pureness enhances the material lightness for an elegant, authentic and smooth product. Proposed in different shapes and combined with Sughera® stem, the innovative and patented blend by Labrenta, cork grains based. The blend is made without using any glue, thanks to a special agglomerated agent. The variant with finned gasket is in plastic.

FLAT

1. GLASS

MODELS

The t-shape glass is available with the round or flat model and the stem assembled with NGS technology or glued. The standard for both models has the transparent glass.

The article is proposed in transparent glass and Sughera® stem with Ø until 20, 5 mm. For a new shape model not available with our standard equipment, Labrenta reference.

**** QUANTITIES REFER TO 10.000 PIECES MOQ, EXCEPT FOR DIFFERENT INDICATIONS FOUND ON TABLES.**
